

Macro Kiosk Berhad

Year 2000 saw the inception of Macro Kiosk Berhad ("MACROKIOSK"), a subsidiary of Goldis Berhad with the vision to become the leading Mobile Messaging Technology Enabler in Asia. MACROKIOSK provides world-class mobile messaging connectivity and solutions to a large-scale customer base with instantaneous mobile messaging connectivity to more than 2 billion mobile subscribers around the world.

Combining continual innovation and revolution, MACROKIOSK's Global Mobile Messaging Network - etracker is robustly connected to more than 500 mobile operators worldwide for 2-way bulk messaging, and is directly connected to more than 130 mobile operators for premium messaging.

Primarily focusing on mobile messaging gateway and mobile messaging solutions, MACROKIOSK's services cater to different stakeholders of the mobile industry namely mobile operators, solution providers, application developers, content providers, and system integrators - as well as to any companies who wants to leverage on the mobile channel, ranging from banks, airlines, television networks and retail stores, among many others in different industries. Such distinct companies by and large have international and global presence; MACROKIOSK will be the perfect business partner to work with.

MACROKIOSK is committed to providing scalable mobile messaging solutions to conveniently disseminate mission-critical services over borderless market and constantly satisfying beyond customer expectations.

MACROKIOSK obtained its MSC status in year 2001, allowing the company to undertake research and development in the area of mobile messaging technology. MACROKIOSK continuously improve its pursuit in mobile technology enhancement locally and regionally, to be atop of emerging mobility trends powering customers from 18 different industries.

MACROKIOSK is an award-winning company, with a string of accolades awarded by internationally acclaimed establishment and faculties. Presence in 13 countries, namely Australia, Brunei, China, Hong Kong, India, Indonesia, Macau, Malaysia, Philippines, Singapore, Taiwan, Thailand and Vietnam makes MACROKIOSK the preferred Mobile Messaging Gateway and Solutions Enabler to a multitude of local and global clientele.
